

PUBLIC NOTICE
FOREIGNERS BEING SCAMMED BY GHANAIS

The Precious Minerals Marketing Company Ltd. (PMMC) has requested the Embassy to bring to the attention of the general public the incidence of foreigners being scammed by some Ghanaians under the pretence of selling gold to them. Unfortunately, many foreigners have lost huge sums of money to these unscrupulous persons.

The PMMC wishes to state that it is the sole agency of the Government of Ghana with the mandate to regulate the downstream sector of the precious minerals industry and to facilitate the buying and selling of gold and diamonds in Ghana as well as their export to other countries. As such, individuals or companies that wish to enter the industry are encouraged to deal directly with the company.

Please visit the company's website at <https://www.pmmc.gov.gh> for more information.
